

AHMED DAHY

SOFTWARE ENGINEERING STUDENT

CAREER OBJECTIVE

As a Software Engineering student with a strong focus on full-stack development and cybersecurity, I am seeking opportunities to contribute to innovative projects by leveraging my skills in both front-end and back-end technologies, along with my understanding of security best practices. With a solid foundation in web development, databases, system architecture, and network security, I aim to collaborate with teams to deliver scalable, secure, and user-centered applications. I am eager to further hone my skills and contribute to the success of a forward-thinking organization while ensuring robust security measures.
